Our goal: to create the standard against which all other publishers' cooperative exhibits are judged. Look to \$domain to open new markets or assist you in reaching existing ones for a fraction of the cost you would spend to reach them on your own. New title launches, author appearances, special interest group/marketing niche...\$domain has done it all and more during a history of presenting over 2,500 successful exhibits. \$domain has the proven approach, commitment, experience and personnel to become your first choice in publishers' cooperative exhibit services. Give us a call whenever your ongoing marketing demands require the best exhibit service your promotional dollars can buy.

Calculus Houghton Mifflin 9th Edition

For my purposes, Larson sets the quality standard for all other calculus textbooks. Some teachers may have personal preferences when it comes to proofs and theory, but for basic concepts, formulas, and applications, this book does it all very well. I used this text while teaching in public schools for AP Calculus and CP Calculus during 2006-2012.
