Finally called Royal Consumer Products who manufactures this. Accepting the fate of the remote unit as a normal "wear & tear", I only wanted to buy a replacement. 2 weeks later, they mailed me a different remote sensor that does not get read by the WS44 base unit. The whole thing totally alienates you because it does not come with a manual.

Save for what others have said, don't loose the manual. Thankfully others have posted programming details here, so all is not lost. Not thrilled that the battery door on the remote has a tiny screw, and the screw is needed to hold the door in place. Been using it for a few years now, so can't complain too much. Read more.
