Evaluating Evidence - Bridging the Evidence Gap in Obesity ...

AstraZeneca is investing its scientific energy into studies of this nature to ensure that real world data can be used to bridge the gap between clinical trial data and real world patients. The impetus for the study was one of sheer necessity, says Sajan Khosla, Head of Real World Evidence at AstraZeneca - a bid to address the gap created by the inherent time lag of RCTs.

Bridging The Evidence Gap | Reuters Events | Pharma

Abstract Registry data indicate a gap between evidence-based guidelines and current management of patients with acute decompensated heart failure (ADHF). Bridging this gap is crucial given the frequency and cost of hospitalization for this disorder.
