When people look back at financial market history, they won't talk about 9/11 or the 2008 crisis, but this one. The 2008 crisis really changed the structure of the financial markets.

As jitters over the move spread around the world, the Euro Stoxx 600 index shed 1.4 per cent and futures markets tipped the S&P 500 to slip 0.1 per cent when US trading begins later.

CHAPTER 13 - CHAPTER 13 FINANCIAL DERIVATIVES

What are the four main financial markets?

Derivative Markets: forward contracts, options, futures, swaps...

"derives" its value from the price movements in some underlying commodity, currency, common stock, stock index, T-bonds, etc.
