The TBA Construction Law Section is providing 6.75 hours of CLE, including one hour of ethics to examine the perspectives of these different stakeholders. Based on a common fact pattern, some of the topics to be discussed are: surety bonds, mechanics' and materialmen's liens, Prompt Pay Act, recent statutory changes and etc.

Construction Law Forum 2019 - TBA CLE

The Regional Programs were initiated in 2002, initially focusing on Fundamentals of Construction Law, which continues as a regular and popular topic. Over the Forum's first 20 years, The Construction Lawyer (published four times per year since the inaugural Spring 1980 issue) was the Forum's only publication. In the mid-1990s, however, the Governing Committee approved creation of the Forum's book publishing program, with the ambitious goal of eventually publishing two books per year.

Construction Law Blog - Hirschler law

Construction law is a branch of law that deals with matters relating to building construction, engineering, and related fields. It is in essence an amalgam of contract law, commercial law, planning law, employment law and tort. Construction law covers a wide range of legal issues including contract, negligence, bonds and bonding, guarantees and sureties, liens and other security interests ...

Construction law - Wikipedia

While typically relegated to the last pages of a construction contract, forum-selection and choice-of-law clauses control every aspect of the parties' respective obligations and liabilities undertaken on a project. Issues like payment, suspension of work and termination, good faith and fair dealing, indemnification, limitations of liability, third-party and extra-contractual liabilities, recovery of fees and cost shifting, and statutes of limitations all can be substantively affected by ...
