The title of this Fourth Edition has been changed from Transport Processes and Unit Operations to Transport Processes and Separation Process Principles (Includes Unit Operations). This was done because the term Unit Operations has been largely superseded by the term Separation Processes which better reflects the present modern nomenclature being used.

Geankoplis was listed as a reference text for our transport operations class, McCabe being the primary text for the course. I'm glad that I spent the extra money to acquire the text Transport Processes and Unit Operations because it was far better at teaching problem solving methods, especially other methods rather than just McCabe Thiele diagrams.
