Genie Garage Door Opener Intellicode

Intellicode technology that is used in Genie garage door openers, governs the communication with the garage door openers' remote. Every time the Genie garage door opener remote button is pressed, a code is sent to the garage door opener, to tell it to open; with Intellicode technology, this code NEVER stays the same.

Genie Garage Door Opener Intellicode Rolling Code Security ...

Our Genie garage door openers work with the popular in-car remote systems HomeLink and Car2U. Both of these systems incorporate the Genie Intellicode Access Security code into each product. With Intellicode, both systems gain the security of a 4.3 billion combination rolling code and integration with Genie operators.
