Highland Landforms

Highland continents—or terrae—are areas of topographically unstable terrain, with high peaks and valleys. They resemble highlands on Earth, but the term is applied to much larger areas on other planets. They can be found on Venus, Mercury, Mars and the Moon. See also. Planum; Highlander (disambiguation)

Highland - Wikipedia

A highland landscape is described before, during and after glaciation. Around 10,000 years ago, Scotland was in the grip of an ice age with massive ice sheets and glaciers covering the landscape.
