CarsGuide

The Holden

Commodore (VF) is an executive car that was produced by Holden between June 2013 and October 2017. It was the second and last significantly restyled iteration of the fourth (and final) generation of the Holden Commodore to be manufactured in Australia. Its range included the sedan and station wagon variants

test the new platform.

The single greatest issue is the timing chain fault that the V6 engine is very common for. Unfortunately the Holden V6 is known for stretched timing chains which is a very costly fix.
