Thus, and so, stage five, the division of the world among imperialists: imperialism, the highest stage of capitalism. There are two important things to be said about Lenin's analysis, the first of which being that it provides a means not just for understanding imperialist expansion, but wars between imperialist states, too.

economic, and social consequences of global capitalism. Written in 1916 and published in 1917, the pamphlet is a polemic against those “socialists” who, in word or deed, supported their own governments during World War I. Laying bare the expansionary dynamics of capitalism in its monopoly stage, Lenin shows that war is endemic to the ...
