Land Surveyor Building Survey Engineer

Property Surveyor vs. Engineer. When a construction project is underway, surveyors and engineers make sure buildings, roads, parking lots, walkways and landscaping are built without a hitch -- and meet all building codes. While the two jobs are related, surveyors and engineers perform different, specific roles with ...

Property Surveyor vs. Engineer | Work - Chron.com

Engineering Surveying is the broad term used to describe the work of surveyors on civil engineering jobs. The role of an engineering surveyor is a lot larger than simply set out for construction of a structure and survey pick-ups. Engineering Surveyors will usually be the professionals who first examine a finished design for a project and often will identify any design or
