For the Salmon River Fish Hatchery, this includes the grounds, the fish ladder, the viewing deck, and the visitor ...

Salmon River Fish Hatchery - NYS Dept. of Environmental ...

Far from being a native of the Connecticut River, this was a new hybrid — a returning fish produced at one of several federal hatcheries completed five years prior. This salmon's genes, like the genes of all the fish that would return in subsequent years, were cobbled together using salmon from several still-surviving runs in northern New England.
