A scripting mechanism is needed to customize the data entry forms. As any data driven system, Oracle CRM on demand is as reliable as its data is. Having sales people entering and maintaining the data you have to make sure they are doing that and not cutting corners. One way to do that is to enforce the business requirements in the entry forms.

Oracle CRM On Demand vs Oracle CX Sales (formerly Oracle ...

In Oracle CRM On Demand, you can associate records with each other by clicking the search icon (spyglass) in the related field. This will automatically launch CleanEnter, which can search for records based on your search terms. This functionality can be launched from a record's Detail, Edit, or Create New page.
