Removing The Engine Plastic Cover

Check out my Amazon storefront <https://www.amazon.com/shop/anthonyj350> We go over the reasons why you should remove your Engine Cover and why it might be doi...

Why You should Remove your ENGINE COVER | AnthonyJ350 ...

Sure, a plastic cover traps some heat, but not that much that you would notice any difference. Unless it’s some rare case of a really bad engineering. And in some other cases the cover might be designed to channel the airflow to some part that tends to overheat otherwise, so removing the cover might even make the engine to run worse.

Wouldn’t removing plastic engine covers make the engine ...

If you remove it, you are leaving yourself open to possibly damaging critical components you expose by removing that bottom engine cover! If by bad luck you happen to run over say a piece of lumber, a hubcap, or just about anything that falls off a truck or someone elses vehicle, it may kick up and do some extensive damage to say your oilpan, steering pump..etc. Risky, but it's your call.

Removal of plastic cover under engine? | Bimmerfest BMW

-The plastic cover is sound deadening, so increased engine noise in the cabin. Most see this as a disadvantage, but I actually would like more engine noise. Not on long trips where it could get tiring, but then I would just put the cover back on.

What would happen if I took the plastic engine cover off?

Remove plastic engine cover? If this is your first visit, be sure to check out the FAQ by clicking the link above. You may have to register before you can post: click the register link above to proceed. To start viewing messages, select the forum that you want to visit from the selection below.

Remove plastic engine cover? - ClubSX4.com

While doing some repairs, I lost one of the screws that holds the plastic engine cover on my Honda Pilot. It costs about \$10 to buy a new screw. If the engine cover serves no real purpose aside from having the Honda name on the top of the engine, why should't I just leave it off? I could save \$10, and may improve the cooling of my engine (every so slightly.) Thanks!

Is the plastic engine cover really needed? - Maintenance ...

This 20-second video will show you how to remove the engine cover, (air filter housing) from a Mercedes-Benz engine.

How to remove cover from a Mercedes-Benz engine - YouTube
