Stonehenge, Carnac
and the World of ...**

The Carnac Stones are located around the French village of Carnac, in Brittany, and consist of a collection of 3,000 prehistoric standing stones.

According to Ancient-Origins, the stones consist of both single standing stones called menhirs and multi-stone clusters called dolmens.

Standing Stones

The Carnac Stones have been one of the most puzzling archaeological artifacts in the world for hundreds of years. These megalithic stones exist around the village of Carnac in Brittany, France. The stones demonstrate alignments, dolmens and other ancient geometry which is consistent with other prehistoric sites, but which should not have
