Background and history. The Intelligent Investor is based on value investing, an investment approach Graham began teaching at Columbia Business School in 1928 and subsequently refined with David Dodd. This sentiment was echoed by other Graham disciples such as Irving Kahn and Walter Schloss . The Intelligent Investor also marks a significant deviation to stock selection from Graham's earlier works, such as Security Analysis.

The Intelligent Investor - Wikipedia

The intelligent investor is a realist who sells to optimists and buys from pessimists. • The future value of every investment is a function of its present price. The higher the price you pay, the lower your return will be. • No matter how careful you are, the one risk no investor can ever eliminate is the risk of being wrong.
